

ATTENTION COLLEGE STORES!

Check Out Your Students' Online Library

ON THE RIGHT TRACK WITH INFOTRAC!

"I was getting frustrated sitting in my residence hall typing a final paper that was due very soon. I had searched my school library and hadn't found much information on my topic. When I found my subscription card, more junk mail I thought, but what I found was my answer. Thinking that maybe I'd get an article or two, I gave it a shot. To my amazement, 119 articles came back! I was saved! Your site is amazing and extremely easy to use and convenient. Thanks so much!"

A FULLY SEARCHABLE ONLINE LIBRARY

- * Over 10 million articles from nearly 5,000 scholarly and popular periodicals
- * Includes journals, magazines, and newsletters
- * Dates back to 1980
- * Covers a broad spectrum of disciplines and topics

Example: bound-in card

Example: shrinkwrapped card

10 Key Advantages for your Professors & Students

1. **Academically based and reliable!** InfoTrac College Edition® (ICE) is rich, diverse, cross-disciplinary, and, most important, reliable. Comprised of full-length articles (not abstracts) from thousands of top sources (such as TIME and NEWSWEEK).
2. **Free of Advertising!** Students won't get distracted by spinning logos and flashing banners.
3. **Available 24/7!** ICE is delivered online. ICE provides an online component for your professors who wish to extend their courses and upgrade student use of online resources.
4. **Full-text articles!** Forget working with abstracts. ICE provides your students access to full-length articles which can be printed and/or e-mailed.
5. **Saves Time!** ICE users can quickly research topics and ideas. The outstanding indexing of its database allows users to employ simple keyword searches.
6. **Technically Supported!** ICE technical support is available for any questions students and professors may have.
7. **Supports ANY course!** The interdisciplinary nature of ICE content provides opportunities for your students to use the resources of ICE for any course... or for personal interest!
8. **Replaces expensive readers** or newspaper subscriptions! ICE can replace annual editions, diverse readers, and expensive student subscriptions of newspapers and magazines.
9. **Updated Daily!** ICE provides dynamic content, updated daily to ensure users are searching the most up-to-date content.
10. **FREE!** ICE adds real, ongoing, course diverse value to your students with a four month free subscription that can be bundled with any Thomson Learning textbook.
